- Native in Spanish

English

Portuguese

## PROFESSIONAL EXPERIENCE

### HENRY HEROE | SOYHENRY

OCT 2022 - DEC 2022 BUENOS AIRES, ARGENTINA

As Henry Hero, I worked as an online programming instructor, teaching individuals with little experience in JavaScript, HTML, and CSS. I designed and delivered interactive lessons and provided personalized guidance to help students acquire practical programming skills and foster their ability to creatively solve problems in a web development environment.

### MANAGER ADMINSTRIVE EMPLOYEE | OSTYN SRL

MAR 2019 - NOV 2022 BUENOS AIRES, ARGENTINA

I have worked as an administrative employee in a textile company, where I have been in charge of all the company's movements and have been responsible for the place. I have managed tasks such as cash handling, supplier payments, invoicing, inventory management, order tracking, personnel supervision, and other administrative tasks. Additionally, I have worked closely with other departments such as production, etc.

## EDUCATION AND TRAINING

### FULL STACK WEB DEVELOPER | SOYHENRY

MARCH 2022 - MARCH 2023 BUENOS AIRES, ARGENTINA

During the course, students acquire knowledge in programming languages such as HTML, CSS, JavaScript, Node.js, and React, as well as in databases, servers, and online security. Through a practical and collaborative methodology, students learn to work in teams, develop projects, and creatively solve complex problems. The program is designed to meet the demands of the current job market, providing students with the necessary skills to excel in the field of web programming.
